### EXPLANATION OF SUMMARY OF SCHOOL RECORD

(The numbers of these paragraphs correspond to the numbers in the Summary)

1. Count each pupil whose name appears on the roll regardless of whether or not he is enrolled at the close of the year. These figures should be the same as the totals under "Enrollment by Grades."

If there are pupils in school who are classed as "Beginners" or "Sub-primary" they should be counted as enrolled in Grade 1.

2. To avoid duplication in state totals you must list only pupils who have been previously enrolled in another school township, city or rural independent or consolidated districts, or parochial schools within this year.

3. Bring the figures forward from the totals of Columns 13 and 14 on opposite page. Total Boys and Girls.

4. Bring the figures forward from the totals of Columns 15 and 16 on opposite page. Total Boys and Girls.

5. Divide the figures in Item 3 by the actual number of days taught, carrying to the nearest tenth.

6. Bring the figures forward from the totals of Column 17 on opposite page.

8 & 9. This information is needed as a check-up on any non-compliance with the Compulsory Attendance Law. Include all those who have reached the age of 7 but have not reached the age of 16. List names in the space provided. Any pupil who is of irregular classification should be counted in the grade where he has the major portion of his work.

(x) Rules vary in regard to pupils being dropped from the roll. Number of days absent depends upon the rule used. An old custom has been to drop a pupil after three consecutive days absence; another rule is to continue the name on the roll until it is known that the pupil is not returning to school, in which case he is dropped immediately. Do not hazard a guess on this matter but follow the instructions of your County Superintendent.

### EXPLANATION OF SUMMARY OF SCHOOL RECORD

(The numbers of these paragraphs correspond to the numbers in the Summary)

- Count each pupil whose name appears on the roll regardless of whether or not he is enrolled at the close of the year. These figures should be the same as the totals under "Enrollment by Grades."

If there are pupils in school who are classed as "Beginners" or "Sub-primary" they should be counted as enrolled in Grade 1.

- To avoid duplication in state totals you must list only pupils who have been previously enrolled in another school township, city or rural independent or consolidated districts, or parochial schools within this year.

- Bring the figures forward from the totals of Columns 13 and 14 on opposite page. Total Boys and Girls.

- Bring the figures forward from the totals of Columns 15 and 16 on opposite page. Total Boys and Girls.

- Divide the figures in Item 3 by the actual number of days taught, carrying to the nearest tenth.

- Bring the figures forward from the totals of Column 17 on opposite page.

- 8 & 9. This information is needed as a check-up on any non-compliance with the Compulsory Attendance Law. Include all those who have reached the age of 7 but have not reached the age of 16. List names in the space provided. Any pupil who is of irregular classification should be counted in the grade where he has the major portion of his work.

- (x) Rules vary in regard to pupils being dropped from the roll. Number of days absent depends upon the rule used. An old custom has been to drop a pupil after three consecutive days absence; another rule is to continue the name on the roll until it is known that the pupil is not returning to school, in which case he is dropped immediately. Do not hazard a guess on this matter but follow the instructions of your County Superintendent.

### SUPPLY NECESSARY INFORMATION BY FILLING IN THE FOLLOWING BLANKS

- The laws of Iowa specifically require instruction in the following subjects. Have you given instruction in:

American Citizenship? *Yes*

Physiology and Hygiene with special reference to stimulants and narcotics? *Yes*

Elements of Vocal Music? *Yes*

Physical Education, 50 minutes per week? *Yes*

Constitution of U. S. and Iowa, in the eight grade?

History of Iowa? *Yes*

- Give the facts regarding any special funds raised by voluntary effort for the benefit of your school; total amount raised, for what purpose used, balance on hand. Who has charge of the balance?

Remarks relative to library books, supplies and equipment needed, reasons for retaining pupil in grade, etc.
